

## .NET Developer (Banking)

[Apply Now](#)

Company: Amaris Consulting

Location: İstanbul

Category: other-general

### Job description

We are excited to extend an offer to you for the position of **.NET Developer** at Amaris Consulting, İstanbul. Your expertise in C# and your background in banking make you an ideal candidate for this role.

#### Responsibilities:

Develop, test, and maintain .NET-based applications primarily using C#.

Collaborate with cross-functional teams to understand project requirements and deliver high-quality software solutions.

Utilize your banking experience to ensure compliance and security standards are met in all development projects.

Troubleshoot and debug issues to ensure the stability and reliability of applications.

Stay updated with industry trends and best practices in .NET development.

#### Requirements:

Bachelor's degree in Computer Science, Engineering, or related field.

Minimum of **3 years of experience** in .NET development with a strong focus on C#.

Proven **experience working in the banking industry**, understanding its specific

requirements and regulations.

Proficiency in HTML, CSS, and JavaScript is preferred.

Strong problem-solving skills and attention to detail.

Excellent communication and teamwork abilities.
