3D Artist

Apply Now

Company: Peak

Location: İstanbul

Category: other-general

Job Description

We are looking for a 3D Artist to visualize imaginary creations that will engage with our audience. You'll work within the product team to produce cutting-edge environments and visual elements for our products. Here, we foster a highly collaborative environment and need someone who is excited to work as a part of the team to create beautiful work.

3D Artists work closely with engineers, product managers, and other artists on the team.

Together we are always endeavoring to learn more from new challenges, pursue quality, and have a thirst for innovation.

Check out this link to see incredible designs our 3D Artists have created for our world!

Here's what you'll do

Interest in organic, cartoon art style 3D creation process

Take a 2D object and environment concepts into 3D game assets

Deliver high- and low-poly 3D models for mobile platforms

Create basic object and particle animations that demonstrate an understanding of weight, balance, and form using Unity

Work on realistic lighting and rendering

Engage in technical and aesthetic problem-solving efforts

Desired skills and experiences

University degree, preferably in Animation or a related field

A portfolio that highlights your ability to work with different styles and techniques

An understanding of Peak's art style and the willingness to take it to the new heights

Areas in which you'll continue to grow

Color, light, shade, form

Creating texture maps and different material types

Photoshop, Maya, and/or other 3D graphics and animation tools

Creating realistic lighting and rendering

Communicate effectively, plan and organize work activities, analyze the information
