AG Search Backend Developer (Java)

[Apply Now](#)

Company: Huawei Telekomünikasyon Dış Ticaret Ltd

Location: Turkey

Category: other-general

We are currently looking for Java Backend Developers to join our AG Search Team based in our Huawei Turkey R&D Center.

Developer will be responsible for testing and editing code to support the development of a seamless user experience using Java.

As a member of a core Java development team, developer will ensure code is prepared for collaboration with back-end data and service-layer teams.

Developer will support the review of existing code while working closely with a diverse software development team.

There will be a focus on ensuring accessibility for all users by developing a front end that functions across browsers, platforms, and devices while meeting accessibility and security requirements.

This is a hands-on development role that will offer exposure to the full development cycle whilst working closely with the business team.

Requirements

BS or MS degree in Computer Engineering or related field,

Good command of written and spoken English is must,

4 + years hands on experience with Java,

Experience with Spring Boot,

Experience on MicroService architecture, JPA, Hibernate

Knowledge of RESTful web services, algorithms and optimization,

Strong knowledge on OOP, Design Patterns,

RDBMS and NOSQL knowledge,

Comfortable working with linux operating system environment,

Systems thinking and experience in designing, building and maintaining software for use in production is a plus.

Experience with Container orchestration system, and service discovery,

Experience with Continuous Delivery (Jenkins, Nexus, SonarQube),

Understanding Domain Driven Design and loosely coupled components,

Redis and ElasticSearch is a plus,

Basic knowledge of Python Programming is a plus,

Knowledge Kubernetes or Docker is a plus.

Basic knowledge of MyBatis is a plus

Benefits

Discount at MSc/PhD programs from several top universities;

Online training platforms (Udemy, O'Reilly, Raywenderlich, Packt);

External certification support;

A culture of continuous development: conferences, in-house events & Tech Talks to stay up-to-date on current research and technology;
