

Turkey Jobs Expertini®

Back End Developer (Hybrid)

[Apply Now](#)

Company: Massive Bio, Inc.

Location: Ataşehir

Category: other-general

Massive Bio is a rapidly growing health-tech startup founded in 2015 to provide every cancer patient with access to clinical trials regardless of their location or financial stability. Our proprietary patient recruitment and enrollment enablement solution for oncology clinical trials solves every point of friction in traditional clinical trial enrollment. Privately held and headquartered in NY City, our passionate changemaker team is looking for Back End Developer to join our team in our Istanbul, Turkiye office . Reporting to the Software Development Manager, you will:

- Development:** Develop and support software including applications, database integration, interfaces, and new functionality enhancements.
- Quality:** Develop high-performance, reliable, and maintainable code.
- Customer focus:** Build software with a strong customer focus and collaborate closely with your peers from product, back-end, business intelligence, and quality assurance.

Candidate Profile: Bachelor's of engineering or related degree graduation, Min. 4 years of experience in PHP and MySQL. Experience in MVC design patterns. Experience in RESTful web APIs. Experience in JavaScript, jQuery, and AJAX technologies. Experience in CSS and HTML. Experience in Laravel. Experience in Eloquent ORM. Knowledge of TDD and DDD. Knowledge of Design Patterns. Knowledge of Data Structures. Knowledge of PHPUnit. Knowledge with MicroServices. Experience with Jira, and Agile for development processes, Git, and continuous integration. Bachelor's degree required, engineering is preferred or a related field. Proven results influencing stakeholders and displaying improvements. Ability to translate complex problems and ideas into easily understood descriptions. Ability to work independently, self-starter, can-do attitude, ability to multitask and prioritize. Experience in healthcare technology

is a bonus. High level of speaking proficiency in English to be part of international calls when needed. Living in Istanbul preferably on the Asian side. Work location is Kozyatagi, Istanbul; at least 2/3 days a week at the office. No military obligation for candidates.
