Job description

We are seeking a seasoned Mobile Banking Business Analyst to join our dynamic team at Amaris Consulting!

Responsibilities;

This role is designed for professionals with minimum 4 years experience in the field, particularly those who have focusing on mobile banking and credit card experiences such as internet banking and digital channels or card management. The position is based in Turkey and will be an Undetermined Duration Contract.

Analyze business needs and requirements, identifying solutions that meet them within the context of mobile banking or credit card.

Develop detailed project plans, including objectives, technologies required, schedules, funding, and staffing.

Work closely with IT teams to design new features or enhancements for existing systems related to mobile banking or credit card.

Create functional specifications for new products or services within the digital channels space.

Leverage your knowledge of industry trends to drive improvements in our mobile banking

offerings.

Maintain effective communication with stakeholders throughout each project's lifecycle ensuring their expectations are managed effectively.

Evaluate risks related to requirements implementation, testing processes, project communications etc., proposing mitigation strategies when necessary.

This role offers you an opportunity not only to leverage your current skills but also expand your expertise within a fast-paced consulting environment where innovation is highly valued.

Ideal Profile;

The ideal candidate for this Mobile Banking Business Analyst position has extensive experience working directly with digital channels like internet banking. You should possess strong analytical skills coupled with excellent problem-solving abilities. Your ability to communicate complex concepts clearly will be key in this role as well as your capacity for strategic thinking about technology-driven solutions.

You have minimum 4 years' experience as a business analyst specifically focused on mobile/internet banking or credit card in banking sectors.

Graduated from Engineering, Statistics, and Mathematic departments.

You have a proven track record of managing complex projects from conception to completion.

Your analytical skills are top-notch, enabling you to interpret complex data and translate it into actionable strategies.

Excellent communication skills allow you to effectively liaise with both technical teams and business stakeholders.

You're comfortable working in an international environment and can adapt your approach depending on the cultural context.

If this sounds like you, we would love for you to join our team at Amaris Consulting where we value innovation, collaboration, and personal growth. We look forward to hearing from you soon!

What can you expect?

Amaris Consulting is proud to be an equal-opportunity workplace. We are committed to promoting diversity within the workforce and creating an inclusive working environment.

For this purpose, we welcome applications from all qualified candidates regardless of gender, sexual orientation, race, ethnicity, beliefs, age, marital status, disability or other characteristics.
