Company: Amadeus

Location: Atatürk Mahallesi

Category: other-general

Job Title

C++ Developer

About the Job:

At Amadeus we're powering better journeys through travel technology, creating the new and unexpected in the world of travel. And so can you!

We're a global team of over 16,000 professionals of 149 nationalities, working across 190 countries. Join us to add your voice to our diverse mix for better discussions, decisions and outcomes for everyone.

In this role, you'll find a chance to:

- Integrate, be autonomous and active in Agile team
- Propose viable technical solutions to Product owner and/or users for validation
- Software design and development using the following stacks and technologies ;
- Unix / Linux
- C++ OBE
- Oracle and MongoDB
- XML / Edifact / JSON REST
- AngularJS
- Make unit and component testing
- Manage software documentation processes (Design, Code, Procedures, etc.)
- Monitor application and product health
- Prioritize, investigate and fix incidents

- Interface with Product Definition Analysts, Product Owner, Scrum master, Quality Assurance Engineers and Implementation teams during the various design, implementation and validation phases

- Research, evaluate and suggest technical and process-related improvements

About Ideal Candidate:

- At least 2 years of experience in C++/Object Oriented languages

- Experience in relational databases (Oracle and MongoDB)

- Knowledge about UX and Linux

- Knowledge of Distribution & Airline business would be a plus

- Fluency in English

- Strong written and verbal communication, teamwork, and problem-solving skills

- Ability to interact and communicate successfully with business partners and technology teams

What can we offer you?

- Competitive and extensive benefits

- International and diverse working environment

- To work in an industry that impact millions of travelers from all around the globe

- Chance to lead innovation in travel industry

- Learning and development opportunities

- A well-balanced mix between work from home and collaborative work from the office, hybrid model
