**When our values align, there's no limit to what we can achieve.**

At Parexel FSP people make the difference. We have a crucial mission: to prevent and cure disease by delivering important new medicines and therapies to patients in need. We achieve this important goal through the knowledge, expertise, innovation, and commitment of our employees around the world.

Our employees have the opportunity to do meaningful things globally while we support them locally in environments full of challenge, collaboration, flexibility and industry-leading growth potential.

**Parexel FSP** is recruiting for a **Clinical Research Manager** based in Turkey, homebased. Dedicated to a single sponsor.

You will play a key role in supporting, coordinating, and conducting regional and global clinical trials for our clients. This includes full involvement in study start-up, maintenance, and closure, as well as vendor management and CRA oversight.

We will offer you exceptional financial rewards, training, and development.

Expect exciting career challenges, but with a healthy work-life balance. We value your well-being as much as that of our patients.

If you are a professional with **8 years of experience in clinical trials and a minimum of 5 years as a CRA**, as well as a solid background in project management or people management, we can offer you a stellar future. A future that will not only involve you in developments of international importance for renowned sponsors but will also provide you

with a great professional development giving you new opportunities for other high-level functions.
