

# Turkey Jobs Expertini®

## Clinical Site Monitor, FSP - Oncology/Turkey

[Apply Now](#)

Company: Parexel

Location: Turkey

Category: other-general

### **When our values align, there's no limit to what we can achieve.**

We are excited to announce that we are now accepting applications for our CRA Operations Talent Pipeline. We invite you to submit your basic information and resume. As soon as a suitable role becomes available, we will promptly send you an email invitation to apply officially. We appreciate your interest in our organization.

We are currently seeking Home-based Clinical Site Monitors I or II.

Our sponsor is a global biopharmaceutical company dedicated to relentlessly seeking breakthroughs to improve patients' lives. Their daily innovation contributes to a healthier global community. This is a space where visionaries, solution-seekers, and trailblazers converge to shape tomorrow's groundbreaking solutions. Together, we have the power to revolutionize patients' well-being. Every decision we make and every action we take is guided by our unwavering focus on patients, fostering an environment where innovation thrives.

The Site Monitor is responsible for ensuring data integrity, data quality, and compliance with ICH GCP and local requirements at the site level. Monitoring will be conducted in line with the Study Monitoring Plan (SMP) and will be performed virtually for most activities to supplement on-site visit requirements. The Site Monitor will collaborate with the Site Manager to ensure that the site follows the protocol and is inspection-ready and will coordinate with institutions and investigators at the local level.

Required Experience:

A minimum of 1 year of experience as a Clinical Research Associate with demonstrated experience in monitoring (virtual or onsite).

Site activation experience

Feasibility and site management experience.

CRO oversight experience

Submissions experience (will not be submitting as part of this role).

Experience in utilizing systems like Siebel Clinical Trial Management System (CTMS), electronic Trial Master File (eTMF), electronic Investigator Site File (eISF) (Florence)

Bachelor's degree or Registered Nurse (RN) in a related field or equivalent combination of education, training, and experience

We offer exceptional financial rewards, training, and development opportunities. You can expect exciting professional challenges but with a healthy work/life balance. We value your welfare just as highly as that of our patients.

Don't miss this opportunity.
