

Consultant - Financial Risk Management

[Apply Now](#)

Company: Prometeia

Location: İstanbul

Category: other-general

Are you curious, do you want to get involved, become part of a dynamic company and have the opportunity to innovate with your work and skills?

Prometeia offers you opportunities for growth and training in a Group with over 1000 professionals working for more than 500 clients in 20 countries around the world.

Prometeia, a leading provider of software solutions and consulting services for Risk Management, Financial Analysis, and Planning for financial institutions, is looking for ALM & Treasury Risk Consultants / Senior Consultants to support its continuous growth.

RESPONSIBILITIES:

The successful candidate will join a specialized team based in İstanbul, operating within the financial risk or/and credit risk subjects. The consultant will support the project managers in the management of the activities relating to the following areas:

Asset & Liability Management

Liquidity Risk Management

Market Risk Analysis

Credit Risk Management

System implementation

EDUCATION AND EXPERIENCE:

A degree or master's degree with excellent marks in Economics/Finance, Statistics coupled with sound technical and quantitative knowledge is required.

As well as background knowledge of the banking sector with respect to:

Conventional and synthetic banking products and derivative products and mechanism of working

Valuation and related accounting practices, reconciliation logic, financial statement knowledge

REQUIREMENTS:

Preferred qualifications include:

Strong analytical, planning, creative problems solving, and multi-tasking skills

Degree with an excellent final score in economics, finance, statistical or engineering subjects

Strong interpersonal skills to interface with internal and external parties in a professional manner

Experience in Enterprise Risk Management implementation steps such as familiarity of data model creation, system implementation, UAT test cases preparations, production migration or upgrade steps, etc.

SQL, visual basic, C#, or equivalent coding abilities are highly preferable

Excellent usage skills of Microsoft Office tools, especially with the usage of visual basic functionality

Candidates can send their CV in English.

The eligible candidates will be contacted for a preliminary call by the HR Representatives (Italy-based).

WORK LOCATION:

Turkey, Istanbul

WHAT WE OFFER:

COMPENSATION, WELFARE & BENEFIT

Our history, as well as the future, is based on the value of our people. The biggest investment at Prometeia is in our people, and it concerns every aspect of professional life. We call it 'Total Compensation' and is made up of Compensation - consisting of a fixed and a variable component -, an important Welfare Plan, and Benefits, which include all the initiatives undertaken for the well-being of our people.

SMART WORKING

Flexibility is an intrinsic value of the way we work. At Prometeia, smart working is an organizational method based on trust, which results in benefits in terms of work/life balance, impact on the environment and optimization of company results, through autonomy and empowerment of people.

PEOPLE PROGRAM

Our evaluation system is based on the full enhancement of people and their continuous dialogue as a stimulus for regular, mutual professional and personal growth. Transparent discussions between managers and team members are set up within the projects, where reciprocal and timely feedback is exchanged. The process is fully digitalized and aimed at continuously improving the development trajectory of the individual and the company.

TRAINING

Prometeia means ongoing training. We provide an average of 11 days of training per year to our people, in person and online. Particular attention is paid to younger colleagues, who are the protagonists of dedicated growth programs, and to the continuous sharing and internal transfer of know-how and skills. On-the-job training is also important, through immediate and direct confrontation with the market.

WIN/WIN POLICY

If you are one of our employees, and you recommend a person who is later recruited, you are entitled to a financial bonus! This is an important opportunity to contribute to the growth of Prometeia as a whole, by attracting acknowledged market professionals and new tech talents.
