Consulting Engineer / Project Manager for Wind Energy (m/f/x)

[Apply Now](#)

Company: Fichtner GmbH & Co. KG

Location: İstanbul

Category: other-general

Country:Turkey

City:Istanbul

Division/company: Fichtner GmbH & Co. KG

Reference number: 000618

To maintain our sustainable growth process, we are looking to fill a permanent position as

Consulting Engineer / Project Manager for Wind Energy (M/F/X)

Your Tasks

Providing professional consultancy to our clients in the field of wind power in Turkey and other countries in the region in a lead or supporting role

Provide support in all project phases, like concept and feasibility phase, tender (RFP) preparation and tender phase, bid clarification, evaluation and contract negotiation

Progress monitoring during project implementation

Providing other technical consultancy services to our clients worldwide as owners engineer, lenders technical advisor or independent engineer

Work in interdisciplinary projects amongst others with the PV solar and hydrogen departments

Perform trips and site visits in the different project phases, as required

Coordinating with external and internal project partners

Support the preparation of proposals for our services

Promote and represent company's brand as well as wind and renewable energy services in Turkey and actively develop the market to create opportunities for renewable energy projects

Your Profile

Master's degree in engineering in mechanical, civil or electrical engineering or a similar qualification

At least 5 years of relevant professional experience in the energy and engineering / consultancy sector and in the onshore wind energy industry

Experience in consultancy is preferred

Experience in leading project teams and multi-project management

Pragmatic, solution-oriented, and self-reliant

Working knowledge of Microsoft Office tools

Very good Turkish and English language skills (written and spoken)

As an experienced consultant, open and friendly interaction with clients and project partners from different cultural backgrounds comes naturally to you

Willingness to travel in the MENA-Region

Corporate Benefits

Local contract

Competitive salary

A modern digital infrastructure enabling staff to work remotely

Your contact

Thomas Agethen
