Crane Supervisor (Reliability)

[Apply Now](#)

Company: DP World Australia

Location: Turkey

Category: other-general

We are looking for an **Crane Supervisor (Reliability)** to join our team in **Yarimca, Türkiye**. In this role, you will provide efficient maintenance and repair service for cranes and related equipment, and continuously develop the team, thereby adding support to the smooth functioning of port operations.

Your Responsibilities:

Supervise and assist QC & RTG Technicians in carrying out maintenance and repairs, fault finding and monitoring of crane equipment for smooth functioning of port operations

Prepare daily duty schedule of QC & RTG Technicians for maintenance requirements and provide maintenance and repair service to cranes, mechanical plant and associated equipment in an efficient timely and cost-effective manner

Ensure maximum operational availability of cranes by diagnosing and specifying repair methods and liaise with related technical personnel, dispatchers, planners, and supervisors for maintenance purposes

Engineered Maintenance Strategy: Responsible for changes to the Equipment Maintenance Plan based on analysis of asset failure data. Alerts Stores to changes in stocking levels to match changes in task frequency

MRO Adjustments: Responsible for analysis of spares usage and failure data to determine proper stocking levels based on failure data, usage and simulation modelling of the Engineered Maintenance Strategy

Develop and manage the PdM/NDT function for the early identification and elimination of asset defects

Lead the Root Cause Failure Analysis effort for sporadic equipment failures (typically uses Logic Tree incident analysis); develop specific operational procedure changes to help mitigate future failures; catalogue and database the RCA/RCFA results and subsequent action items

Analyze plant wide failure data and downtime scenarios to calculate relevant trigger points for RCFA Facilitates de RCA/RCFA analysis process

Provides technical assistance to maintenance supervisors, planners, and crafts personnel in the form of specific, technical data on system configuration and performance

Develop the maintenance strategy for spare parts inventory, testing strategy for incoming new and rebuilt spares

Conduct inspections required on equipment using PdM technology and assess the severity of the defects identified according to PdM guidelines

Maintain tidiness and cleanliness of workshop facilities and all equipment thereby creating a safe and healthy work environment and validate all records in shift report and Maximo in terms of equipment, issue, and budget

Your Profile:

Bachelor's degree in Mechanical Engineering or professional training would be an advantage

Minimum 5 years of related field experience in reliability area and mechanical maintenance

Minimum 5 years of experience as a supervisor

Good knowledge of technical terminology, reading technical drawings and able to understand electrical and mechanical projects

Hands-on experience with electric, mechanical and hydraulic schematics

Profound experience in FMEA, RAM, root causes analysis

Good knowledge of CBM, lean methodologies, 5S, Kaizen, Kanban, continuous

improvement etc.

Experience with ultrasound inspection, vibration analysis, infrared measurement, motor testing, laser alignment, dye penetrant and other CBM technologies and methodologies

Fluent English and Turkish language skills

Able to swim and does not have any fear of the sea & B type driver's license holder

Compensation

DP World offers exciting and challenging roles within a growing international organization.

We strive to hire and develop the right people, locally and globally, stimulating personal growth and self-development within an informal atmosphere. We offer a market competitive compensation package.

About DP World

Trade is the lifeblood of the global economy, creating opportunities and improving the quality of life for people around the world. DP World exists to make the world's trade flow better, changing what's possible for the customers and communities we serve globally.

With a dedicated, diverse and professional team of more than 103,000 employees spanning 75 countries on six continents, DP World is pushing trade further and faster towards a seamless supply chain that's fit for the future.

We're rapidly transforming and integrating our businesses -- Ports and Terminals, Marine Services, Logistics and Technology -- and uniting our global infrastructure with local expertise to create stronger, more efficient end-to-end supply chain solutions that can change the way the world trades. The DP World family comprises of Syncreon, Imperial and P&O.

What's more, we're reshaping the future by investing in innovation. From intelligent delivery systems to automated warehouse stacking, we're at the cutting edge of disruptive technology, pushing the sector towards better ways to trade, minimizing disruptions from the factory floor to the customer's door.

WE MAKE TRADE FLOW

TO CHANGE WHAT'S POSSIBLE FOR EVERYONE

DP World is committed to the principles of Equal Employment Opportunity (EEO). We strongly believe that employing a diverse workforce is central to our success and we make recruiting decisions based on your experience and skills. We believe that employees are happiest when they're empowered to be their true, authentic selves.

So, please come as you are. We can't wait to meet you.
