Data Science Intern, Long Term

Apply Now

Company: Peak

Location: İstanbul

Category: other-general

Job Description

We are seeking a highly motivated and passionate 4th-grade university student to join our Data Science team as a long-term intern. As a Data Science Intern at Peak Games, you will have the opportunity to work closely with experienced professionals in the field, gaining valuable hands-on experience and contributing to real-world projects in the mobile gaming industry.

Here's what you'll do

Collaborate with the Data Science team to analyze and interpret data from various sources, including player behavior, in-game metrics, and market trends

Assist in the development and implementation of predictive models, machine learning algorithms, and data-driven solutions to optimize game performance and enhance player experiences

Conduct exploratory data analysis to uncover insights and identify patterns that drive decision-making and inform strategic initiatives

Support ongoing data-driven initiatives and experiments, including A/B testing, cohort analysis, and user segmentation

Develop and maintain data visualization dashboards and reports to communicate findings and recommendations to stakeholders across the organization

Explore and experiment with new tools, techniques, and methodologies in the field of data

science and analytics

Here's what you'll need

Being currently in your 4th year of studies and last semester in university

Having a schedule that allows you to work 3 days a week

Strong passion for data science, analytics, and its applications in the gaming industry

Having personal projects related to data science or data analytics, which demonstrate practical skills and creativity, is a plus
