Company: Corteva Agriscience

Location: Adana

Category: other-general

Description

We're hiring an **EHS Consultant**.

Learn how you can be our voice in the conversation about the future of agriculture.

As EHS Consultant, you will be responsible for coordinating and supporting the site management with safety, health and environmental issues. This role also includes administering/implementing company corporate safety programs, coordinating/conducting training and 1st Party Audits, participating on 2nd Party Audits as appropriate and assisting site management with incident investigations and implementing Corporate EHS standards in alignment with the regional EHS guidance.

Your Challenge:

Sets goals with functional managers and production line managers for all areas of the site, collects data and reports performance (EHS KPI) in line with the regional guidance.

Encourage and enforce safe operations, ethics, respect for people and respect for the environment.

Plays a role model for Safety, Health, Environment, Ethics and People respect ensures proper training and mindset development at all levels of the site.

Manages the related documentation of the site: Risk Assessments, Environmental permit/authorizations, notifications to authorities.

Managing communication with Authorities

Ensure internal auditing system is sustained and maintained.

Managing First and Second party Audit

Ensure all incidents/near misses are tracked and properly investigated

Responsible for the internal EHS training system.

Schedule track & deliver EHS training in collaboration with external/internal resources.

Collaboration with site leaders to ensure full compliance with contractor safety management.

Location:

Adana
