

Engineer - Pipelines (Saudi Arabia)

[Apply Now](#)

Company: Eram Talent

Location: Ankara

Category: other-general

Eram Talent, a leading independent talent acquisition company specializing in the oil and energy industry, is currently seeking a skilled Pipeline Engineer. As a Pipeline Engineer at Eram Talent, you will be responsible for designing, implementing, and maintaining pipeline systems for our clients in the oil and gas sector. We are dedicated to providing top-notch recruitment solutions and have a vast network of high-potential professionals from various industries.

If selected, the job location would be **Saudi Arabia**.

Responsibilities:

- Design and engineer pipeline systems, including route selection, material selection, and installation methodologies

- Perform pipeline integrity analysis and develop maintenance and inspection plans

- Conduct studies and assessments to ensure compliance with industry standards and regulations

- Collaborate with project teams to provide technical expertise and support

- Oversee the construction and installation of pipeline systems

- Perform risk assessments and develop mitigation strategies

- Stay up-to-date with industry advancements and integrate new technologies and best

practices into pipeline engineering projects

Requirements

Bachelor's degree in Mechanical or Civil Engineering, or a related field

Minimum of 8 years of experience as a Pipeline Engineer

Strong knowledge of pipeline design principles, materials, and installation methods

Proficiency in using pipeline design software and tools

Familiarity with industry standards and regulations

Excellent analytical and problem-solving skills

Strong communication and interpersonal skills

Ability to work effectively in a team-oriented environment

Willingness to travel to project sites as required
