Engineering Manager.

[Apply Now](#)

Company: Cargill

Location: Balikesir

Category: other-general

Want to build a stronger, more sustainable future and cultivate your career? Join Cargill's global team of 160,000 employees who are committed to safe, responsible and sustainable ways to nourish the world. This position is in Cargill's food ingredients and bio-industrial business, where we anticipate trends around taste, nutrition and safety to innovate and provide solutions to manufacturers, retailers and foodservice companies.

Job Purpose and Impact

Engineering Manager will use general business knowledge to plan, organize and control resources, procedures and timing for an administrative or business project. We seek a detail-oriented professional with the interpersonal skills to organize our project teams, assign individual responsibilities, develop project schedules and resolve resource requirements to manage the CAPEX portfolio of the plant. In this role, you will conduct engineering work in operations, production, construction or maintenance environments.

Key Accountabilities

Organize and coordinate low to medium complexity projects applying the best practices and utilizing the project management framework to achieve project objectives.

Identify and gather the resources necessary to complete projects.

Help resolve operational problems and minimize delays.

Monitor progress and performance to meet the project plan goals.

Collaborate with senior partners to ensure project meets requirements regarding technical quality, reliability, schedule and cost.

Help coordinate project planning, resourcing, staffing, progress reporting, people management and troubleshooting for engineering projects.

Lead and develop a team, coach and make decisions related to talent management, hiring, performance, and disciplinary actions.

Other duties as assigned

Qualifications

Minimum Qualifications

Bachelor's degree in a related field or equivalent experience

Minimum of 10 years of related work experience

Fluent in English both written and verbal

Preferred Qualifications

Two years of supervisory experience

Our Offer

We provide a fast paced stimulating international environment, which will stretch your abilities and channel your talents. We also offer competitive salary and benefits combined with outstanding career development opportunities in one of the largest and most solid private companies in the world.
