Company: KLEEMANN

Location: Maltepe

Category: other-general

Position: Engineering Specialist

Company: KLEEMANN Asansör

Location: Maltepe, Istanbul, Turkey

Join the dynamic growth journey at KLEEMANN Asansör, a prominent player in the lift manufacturing industry. We are expanding our team and seeking a dedicated Technical & Engineering Specialist to contribute to our innovative projects and ensure seamless order processing within the lift and construction sector.

Basic Qualifications:

Bachelor's Degree in Industrial, Mechanical, Mechatronics, or Electrical/Electrical Engineering.

Proven experience in the lift manufacturing industry, with a minimum of 3 years.

Previous experience in order processing, production, or engineering processes will be considered a plus.

Good knowledge of English.

Self-starter with excellent interpersonal abilities.

Strong planning, organizational, and effective communication skills.

Problem-solving competency, open to learning, with a target-oriented and customer-oriented mindset.

Preferably residing on the Anatolian side of Istanbul.

Key Responsibilities:

Order Data Entry and Validation Input order details into the system and perform initial validation checks for comprehensive order processing.

Communication and Documentation Ensure all necessary documents are received from the Sales Department without any missing information.

Technical Review and Collaboration Process and check all the data in the system, creating order records and drawings.

Keeping Update Technical Documentation According to quality standards and regulatory requirements.

Strict Stock Control: Keep all necessary records about production, suppliers, and more.

Problem Solving and Innovation Identify and resolve technical challenges during the design and development phase.

Participation in Projects: Carry out industrialization projects and be a dynamic team player.

Quality Assurance and Compliance: Ensure that the company's quality requirements are met by the suppliers and manage any changes to orders until packaging.

What We Offer:

Excellent Working Environment Join a dynamic team in a positive and inclusive workplace.

Continuous & Systematic Training We invest in your professional growth through ongoing training and development programs.

Transportation to the Company: We offer transportation to our facility.

Lunch Provided by a catering company for all on-site employees.
