

## Estimation Engineer (Saudi Arabia)

[Apply Now](#)

Company: Eram Talent

Location: Ankara

Category: other-general

Eram Talent is currently seeking a skilled and detail-oriented Estimation Engineer to join our team. As an independent Talent Acquisition company, E-Talent provides outstanding recruitment solutions for various industries, including construction, engineering, and infrastructure. As an Estimation Engineer, you will play a crucial role in ensuring accurate and competitive project bids and estimates. This is an excellent opportunity to work with a leading company and further develop your career in estimation engineering.

If selected, the job location would be **Saudi Arabia**.

### Responsibilities

Analyze project specifications, drawings, and other documentation to determine project requirements

Prepare cost estimates and bids for construction and engineering projects

Collaborate with project teams and subcontractors to gather information and input needed for accurate estimates

Conduct site visits and evaluations to gather necessary data for estimating purposes

Review and analyze project risks, constraints, and contingencies

Assist in the development of proposals and presentations for clients

Keep up-to-date with industry trends, pricing, and construction methods

## Requirements

Bachelor's degree in Engineering or a related field

Minimum of 8+ years of experience in estimation engineering

Strong analytical and mathematical skills

Proficiency in estimation software and tools

Excellent attention to detail and accuracy

Strong communication and interpersonal skills

Ability to work independently and as part of a team

Knowledge of construction industry standards and practices
