Company: EY

Location: İstanbul

Category: other-general

The opportunity

EY Strategy and Transactions provides services within the domain of mergers and acquisitions, private and public offerings, valuations, modelling, economic impact analysis, due diligence and financial consulting. Through our independent position with respect to lenders, investors, and investment bankers, our team of professionals is ideally placed to successfully support corporate transactions.

EY's Strategy and Transactions service line has grown significantly in recent years. To support our ongoing growth and our ambitious plans for the future, we are now looking to strengthen our **modelling** team at **Manager / Senior Manager** level.

You will be a part of our **Valuation, Modelling and Economics** in Istanbul and you will get the opportunity to work with major corporate clients and financial institutions; providing them with financial and operational modelling support and advice on a wide variety of strategy and transaction assignments, including:

Investment and/or financial feasibility modelling

Decision support modelling

Resource modelling and optimisation

Financial restructuring models

Planning, budgeting and forecasting models

Attributes and skills required for success

A strong academic background, including a Bachelor's or Master's degree in Business, Finance, Economics, Engineering or other related field

The ability to demonstrate intellectual rigour and commercial awareness, combined with first-class numeracy and analytical skills

Approximately five – six years of related work experience for Managers and eight years of experience for Senior Managers in financial modelling; project finance; financial /debt advisory

Strong commercial experience and/or relevant industry or transaction experience, preferably within a Big4 environment and a financial institution

Strong knowledge and awareness of evolving data analytics tools and related software, including data visualization and database skills to connect data and deliver decision making solutions

Experience of managing the client relationship and using this to create new business opportunities

Strong project management and organisation skills – as a manager/ senior manager in the team you would be in a charge of projects, discuss directly with clients and mentor junior team members

Excellent report writing, communication skills both oral and written in Turkish and English and attention to detail

Strong interpersonal skills; ability to work as part of a diverse team, build effective relationships at all levels and handle multiple responsibilities

JOB DESCRIPTION

In your role as a Modelling Manager / Senior Manager you will:

Be responsible for the execution of modelling projects and have the opportunity to lead EY teams and manage interactions with client management and senior members of the EY team

Design, build and test integrated financial models incorporating operational, tax, accounting

and financing aspects

Participate in the preparation of deliverables including reports, presentations and discussions with the client

Apply logical thinking and creative problem solving skills to support resolution of issues

Review financial models, arrive at conclusions and communicate these effectively to the client

Communicate effectively with the engagement lead, the client, and the wider team in a concerted effort towards delivering work products of the highest standard

Assist senior team members in developing new business

Provide coaching to others, share your technical and other knowledge with your team

Our offer

Underpinning everything is our focus on developing a talented team through investment in technical and commercial training and knowledge transfer. Our team offers the opportunity to take on client-management responsibilities and excellent career progression to strong performers.

We offer opportunities to develop new skills and industry expertise and progress your career supported via extensive trainings, both on technical matters, as well on soft skills and project management

You will receive support, coaching and feedback from some of the most engaging colleagues around

We are proud of our flexible working arrangements, and we will support you to build a successful career and deliver excellent client service without sacrificing your personal priorities. While our client-facing profession might require regular travel, and at times working at client sites, we are committed to help you achieve a work-life balance

At EY we are passionate about the inclusion and support of individuals of all groups; we do not discriminate on the basis of race, religion, gender, sexual orientation, or disability status

Please complete your application via the SuccessFactors, if you do not complete your application, your application does not reach us and will be deemed invalid.
