

## HSE Manager (Alaşehir)

[Apply Now](#)

Company: Diageo

Location: Alaşehir

Category: other-general

### Description

BE PART OF A CULTURE WHERE EVERYONE HAS THE OPPORTUNITY TO DEVELOP AND GROW

#### Who We Are

We are on a journey to reloading and renewing the socialization and celebration heritage of this land for generations to come.

Our ambition is to be the best performing, most trusted, and respected consumer products company in Turkey.

#### What about the role?

Health, Safety, Environment (HSE) Manager is responsible for implementation, execution and auditing of systems related to Health, Safety and Environment in line with company policies, standards and legal requirements at Alaşehir Plant

#### What you will be doing?

Running HSE Management Systems in accordance with legal requirements and company standards (GRMS) in the plant

To ensure the up-to-date of HSE Management Systems documents

Carry out audits within the scope of GRMS and SFIP, report the findings and monitor the completion of the actions and to support the factories where necessary.

To support risk analysis and HSE training activities at the plant

To make root causes and support improvement areas by participating in the analysis of accidents at the plant

Ensuring the compliance status of occupational safety and environmental legislation at the plant

To help identify and track action to achieve Diageo Sustainability Goals in the plant

Carrying out occupational safety specialist and environmental officer responsibilities for the company's needed locations

Participating actively to the company wide HSE Projects

To co-manage the waste water treatment plant

Key stakeholders will be: Alaşehir plant, Headquarter HSE team, third party HSE consultants and companies.

### **What we are looking for**

University degree in Engineering (preferably environmental engineering)

Certified as a Class C (preferably class B) Occupational Safety Expert

Preferably with environmental officer certificate

At least 3 years of experience in the field of HSE at production, construction site and flammable/flammable material experience

Good knowledge of English

Good knowledge of basic MS Office applications

Having a Class B driver's license, active driving and no travel barriers

To be familiar with the relevant legal regulations and standards

Strong communication, prone to teamwork, presentation skills, creative
