### Reliably delivering what's needed today

There are few challenges as important today as creating solutions that support a cleaner, more energy-efficient world. This requires a commitment to constantly improve the transportation of people and things. We, at BorgWarner, made that commitment decades ago and have since been creating technologies to improve efficiency, emissions and performance in all types of vehicles.

### Constantly pursuing what's next

Our proven track record has made us industry leader in clean, energy-efficient propulsion system solutions for combustion, hybrid and electric vehicles. We uncover strong trends and use smart science and technology to address a future based on varying regulations, consumer demands and automaker requirements.

### Product leadership that's changing the world

Our employees have earned trusted partnerships with customers and suppliers around the world. We leverage these relationships to gain a deeper understanding of the challenges at hand and then do what it takes to develop the next solution. Our strong operations and commercialization expertise result in high volume availability of competitive, efficient products that truly drive change.

BorgWarner PowerDrive Systems is currently looking for **Indirect Purchasing** talent.

### Responsibilities

- Collaborate with the Plant GSM Director/Purchasing Supervisor and other key plant functional areas to negotiate prices, contracts, services and supply conditions that

establish long-term contracts defining the rights and obligations of BorgWarner and suppliers.

- Support cost reduction projects. Identify the most competitive and appropriate source of supply for the product or service.
- Identify innovative procurement methods and guarantee purchasing conditions, protection and risk mitigation.
- Identify the most suitable strategic suppliers for the service or equipment needed to support operations.
- Analysing market forecasts and trends affecting the area. Maintain up-to-date knowledge of regional and global economic conditions and contracts affecting the commodities and services for which they are responsible.
- Hold supplier contract review meetings with the support of the technical and operations support departments.
- Managing suppliers to identify new solutions - strategic partnerships.
- Create contracts and orders and monitor processing to ensure that delivery times for materials and equipment are met.
- With the support of the other departments, ensure that the quality and delivery time of materials, equipment and services meet the technical specifications, specifications and expectations of internal customers.
- Comply with environmental, occupational health and safety, quality and productivity standards.
- Comply with the organisation's rules and internal regulations: Code of Ethics, practice and timetable.
- Respect the rules of safety and cleanliness of the workplace.
- Respect and comply with the rules of the Environmental Management Policy, Health and Safety at Work.
- Actively participate in the continuous improvement of the Environmental, Health and Safety at Work Management Policy.

### **Education & Experience:**

- Bachelor's Degree in related discipline or equivalent experience preferred.
- 3-5 years' experience in related field
- Fluent English

- Must have organizational skills including the ability to prioritize, handle multiple projects simultaneously, and meet deadlines.
- Experience in the automotive sector in negotiating the purchase of equipment and machinery (valued)
- Experience in analysing contracts and conditions
- Experience in the SAP purchasing module (preferred).
- Experience with other software (valued).
- Proficient with Microsoft office products — Outlook, Word, Excel, PowerPoint
