

Turkey Jobs Expertini®

Industrial Solution Architect

[Apply Now](#)

Company: Huawei Telekomünikasyon Dış Ticaret Ltd

Location: İstanbul

Category: other-general

We are at the pioneer of digital transformation in the world. Our Openlab activities focused on the fields of Cloud, Transportation, Education, Healthcare provides end-to-end support to our local/global partners on their unique solution development process. Our vision is to combine Huawei platforms with partner's industrial solutions to create a large ecosystem of digital transformation in Turkey.

Communicate with start-up and medium-sized companies domestically to realize solution development processes.

Design overall solution for industry with existing partners and/or customers

Introduce industry solution to our partner and/or customer candidates for each level(c-level, director, technical lead or engineer)

Drive the production process; prepare the design phase, own given features end to end, from mockups & design documents reviews to acceptance testing and deployment

Test and validate the proof of concepts together with TSE team and partners for the best optimal solutions and configurations.

Designing, configuring, unit testing and integration

Participating in review process

Prepare the test design and related documents

Taking part in the complete solution/product life-cycle

Produce high quality and innovative deliverables for our partners

Conform to Huawei processes, quality standards and guidelines

Communicate with partners and follow the integration processes

Find new partners and stay in touch with them to help turn the solution into sales.
