

Turkey Jobs Expertini®

IP Transport Planning Senior Specialist

[Apply Now](#)

Company: Vodafone

Location: Istanbul

Category: other-general

Your dream job does exist.

Discover it at Vodafone!

Join our journey as we connect for a better future. Ready?

We are looking for an **IP Planning&Design Senior Specialist**

First things first: Our Brand.

Here are the key behaviours that help us bring our Spirit and Purpose to life:

Earn customer loyalty: Small things do matter.

Experiment, learn fast: Just take the chance.

Create the future: That s possible.

Get it done, together: It s up to each of us to make it happen.

Here, everyone can feel free to be themselves and express their ideas.

We are proud to have the most flexible #hybrid way of working in Turkey.

Together with your team, you can decide which days to come to the office depending on your work requirements.

Another favorite: Meeting-free afternoons! Every Friday, arrival of the noon means we can start to take it easy: spend time working on our personal development or catching up with our team. We call this #CumaKafas (Friday mood :)).

And yes we are Agile! The world is constantly changing. And we cannot afford not to!

Our journey began by simplifying our organizational model and transforming into a more agile structure that now we use extensively, especially in our development processes.

Why is this role really critical to us?

Responsible for the strategy and engineering activities on IP Transport network, looking for new opportunities to ensure the e2e readiness of the network for 5G and focus on automation with having best customer experience.

How will you spend your time at Vodafone?

- 5G preparation for transport: be in part of getting ready to 5G, define the needs, prepare a initial plan, follow up over other departments.
- Create design solutions and planning guidelines to enable efficient and standardized network, ability to find smart solutions for any automation in planning.
- Capacity planning of the IP&DC Network infrastructure to ensure that adequate capacity is available to meet traffic demands.
- Ability to automate IP design configuration using python, etc.
- Continually seek opportunities to decrease operational costs within the network, ability to manage the capacity demands between other operators
- Define equipment to be used in the network and determine equipment type and quantities to be used in the projects,
- Develop transport high level network plans, planning of the Network Services to meet sales team demands and market facts. Design network and dimension network elements, make dimensioning for the links between network elements (Abis, A-Int, lub, lur, s1, x2)
- Support to L3,L2 and L1 team for solving complex and critical problems.
- Team player able to cooperate closely with all divisions within company in a friendly manner without losing the integrity of his/her purpose as IP Network.
- Develop projects that increases network efficiency and reduces opex,
- Manage Vendor for all technical improvements to meet Transport Network requirements
- Check network quality reports, prepare action plans for the other departments
- Follow up latest transport technologies, follow-up internal and global transport related trials and report them to Vodafone Global and legal authority.
- Follow up Vodafone Global technical strategy/guidelines and implement it to local network.

You are just the person we ve been looking for, if you have:

- Graduate from a reputable university as electrical, electronics, electronics and telecommunication

or computer engineering

- Master degree in Electrical/Electronic field or MBA is also desired
- Have minimum 4 years of experience in telecommunication, experience of telecommunication transport planning/operation
- IP Network certifications, including CCNA, CCNP is also desired
- Knowledge on IP/MPLS and L2/L3 VPN Technologies
- Have experience on IP routing protocols such as IS-IS, BGP, signalling protocols such as LDP, RSVP.
- Good command of English
- Have driving licenses
- Have not restriction for mobility
- Excellent communications skills
- Takes personal responsibility
- Can do, delivers, drives Vodafone to win
