IT Manager

IMCD is a leading global distributor and formulator of specialty chemicals and ingredients. An entrepreneurial group founded IMCD in 1995 in the Netherlands. Our vision to transform the distribution industry by continuously adding value to the supply chain through expertise and innovation, is what still drives us today.

Today, we have operations in over 50 countries, where we successfully combine local knowledge with global expertise to obtain sustainable results. IMCD is a strong, innovative business partner and accelerator of solutions for suppliers and producers of consumer, industrial and durable goods in diverse business sectors. Our commercial excellence and solid operations structure facilitate healthy growth.

We are seeking an **IT Manager** to oversee and plan global projects with **IMCD**

Turkiye . The role involves effectively communicating issues to be addressed by Group IT and providing potential solutions. Additionally, **responsibilities** include:

Facilitating our adaptation process in digitalization initiatives.

Addressing requests related to information security.

Providing support for the establishment of IT management structures under Group IT.

Coordinating with Group IT for all network installations, upgrades and maintenance.

Managing procurement processes efficiently.

Managing backup operations.

Overseeing server management and virtualization process.

Leading local IT team about Help Desk operations.

Monitoring inventory and ensuring the procurement of consumables.

Maintaining compliance with ISO27001 standards and preparing for annual audits.

Supporting user account management in CRM system.

Managing cloud-based applications on local level (OneDrive, Sharepoint, Intune, Powerapps)

Qualifications:

Bachelor's degree in Computer Science, Information Technology, or related field.

Proven experience in project management and IT coordination.

Strong communication skills to effectively liaise with stakeholders.

Knowledge of information security practices and arity with ISO27001 Information Security compliance requirements.

Ability to multitask and prioritize tasks effectively.

Join our dynamic team and contribute to the success of our global IT initiatives at IMCD Turkiye.
