IT Systems Administrator

[Apply Now](#)

Company: KOBIL GmbH

Location: Antalya

Category: other-general

Be part of a team developing highly available, scalable, and secure Identity and Access Management services using the latest technologies including cloud-ready architecture, the latest identity protocols and fraud/security prevention. Our UI and services are critical and used by millions of customers. We adopted agile processes to move fast. We consider our people the most important asset - we take the growth of our engineers seriously. The ideal candidate will have a strong educational and technical background. The engineer will be directly responsible for design development, testing, maintenance, and documentation of high-quality software components.

We seek a skilled and experienced **IT Systems Administrator** to join our dynamic team.

Tasks

Manage and maintain our IT infrastructure, including servers, networks, and cloud services

Deploy, configure, and troubleshoot Citrix environments to ensure optimal performance and user experience

Administer Active Directory, including user account management, group policy configuration, and security permissions

Configure and maintain Cisco networking equipment, ensuring reliable and secure connectivity across the organization

Integrate cloud services (e.g., Salesforce, Microsoft 365) with existing infrastructure and

manage user access through Single Sign-On (SSO) solutions

Implement and maintain identity and access management (IAM) solutions, leveraging OpenID and other technologies to ensure secure authentication and authorization processes

Collaborate with cross-functional teams to assess IT needs, design solutions, and provide technical support and guidance

Requirements

Bachelor's degree in Computer Science, Information Technology, or related field (or equivalent experience)

Proven experience in IT systems administration, with expertise in Citrix, Active Directory, and Cisco networking

Hands-on experience with cloud services (e.g., Salesforce, Microsoft 365) and familiarity with SSO and OpenID standards

Strong analytical and problem-solving skills, with the ability to troubleshoot complex issues and implement effective solutions

Excellent communication and interpersonal skills, with the ability to collaborate effectively with team members and stakeholders

Relevant certifications (e.g., Citrix Certified Associate, Microsoft Certified: Azure Administrator, Cisco Certified Network Associate) are a plus

Benefits

Nearly half of KOBIL employees work in development including leading specialists in cryptography. KOBIL plays a crucial role in the development of new encryption standards. Companies like DATEV, Deutscher Bundestag (Federal Diet), UBS, Migros Bank, Société Générale, ZDF and many others trust KOBIL.

The company is an equal opportunity employer and will consider all applications without regard to race, sex, age, color, religion, national origin, veteran status, disability, sexual orientation, gender identity, genetic information, or any characteristic protected by law.

Wir setzen Maßstäbe für digitale Identität und hochsichere Datentechnologie. Unsere Spezialität sind Smartcard, Einmalpasswort, Authentifizierung uvm. ...
