

Mechanical Engineer - (Saudi Arabia)

[Apply Now](#)

Company: Eram Talent

Location: Ankara

Category: other-general

Eram Talent, a leading Talent Acquisition Company in the Oil & Energy industry, is seeking a highly skilled and motivated Mechanical Engineer. As a Mechanical Engineer, you will be responsible for designing, developing, and testing mechanical equipment used in the extraction and processing of oil and gas.

Job Location : Saudi Arabia.

Responsibilities

Design, develop, and test mechanical equipment and systems in accordance with industry standards and client requirements.

Conduct feasibility studies and manage projects from conception to completion.

Collaborate with cross-functional teams to identify and develop innovative solutions to complex engineering problems.

Analyze and evaluate data to ensure compliance with relevant codes, standards, and specifications.

Ensure that all mechanical equipment and systems are safe, reliable, and efficient.

Develop and maintain relationships with clients, vendors, and industry professionals.

Stay up-to-date on emerging technologies and industry trends to identify opportunities for

innovation and improvement.

Requirements

Bachelor's degree in mechanical engineering or a related field.

A minimum of 7+ years' experience in mechanical engineering in the oil and gas industry.

Familiar with engineering technical specifications, data sheet and RFQ.

Excellent communication and interpersonal skills.

Capable to review mechanical design submittals in accordance to Aramco standards.

Demonstrated ability to work in a team environment and collaborate with cross-functional teams.

Ability to prioritize tasks and manage multiple assignments effectively.
