Network Market Planning Expert

[Apply Now](#)

Company: Vodafone

Location: Istanbul

Category: other-general

Your dream job does exist.

Discover it at Vodafone!

Join our journey as we connect for a better future. Ready?

We are looking for a **Network Market Planning Expert**

First things first: Our Brand.

Here are the key behaviours that help us bring our Spirit and Purpose to life:

Earn customer loyalty: Small things do matter.

Experiment, learn fast: Just take the chance.

Create the future: That s possible.

Get it done, together: It s up to each of us to make it happen.

Here, everyone can feel free to be themselves and express their ideas.

We are proud to have the most flexible #hybrid way of working in Turkey.

Together with your team, you can decide which days to come to the office depending on your work requirements.

Another favorite: Meeting-free afternoons! Every Friday, arrival of the noon means we can start to take it easy: spend time working on our personal development or catching up with our team. We call this #CumaKafas (Friday mood :)).

And yes we are Agile! The world is constantly changing. And we cannot afford not to!

Our journey began by simplifying our organizational model and transforming into a more agile structure that now we use extensively, especially in our development processes.

Why is this role really critical to us?

We are seeking a Network Market Planning Expert with the will and ambition to work in high performing Vodafone Team which is responsible for high level network planning and network integrated budget planning by having end to end architectural view. The role is reporting to the Network Market Planning of Vodafone Turkey.

How will you spend your time at Vodafone?

- Be knowledgeable in mobile networks (2G/3G/4G) and preferably have some knowledge on the upcoming technologies and services such as 5G, Cloud Gaming, MPN, MEC, satellite etc.
- Has background in network budget planning, cross-functional view is preferred
- Governance of longterm network evolution plans and budget requirements. DB &LRP planning.
- Follow the budget allocation and spend of the high level projects
- Follow, consolidate and report domain based major KPIs
- Transform business requirements into high level network plans and assess them as business case considering cost and benefits
- Close interaction, understanding and Alignment of the Project and plan with other Stakeholders (RAN, CPN TX, IT, Operations, Business teams, etc)
- Discussing with other OpCos and Group technology for the Service related strategy and topics.
- Follow and govern domain based LCM (life cycle management) and EoS (End of Support) status
- Ensure E2E budget balance in terms of Smart Capex & Best ROI approach

You are just the person we ve been looking for, if you have:

- Bachelor's degree from Electronics/Telecommunications/Computer Engineering from a reputable university, master's degree preferred.
- Fluent in both spoken & written English.
- Mobile/Fixed network planning and budget management experience preferably on 4G and prior knowledge on 5G.

- Customer experience oriented and self-motivated.
- Able to convey technical things to non-technical people easily.
- Enthusiastic team player, communicate both within your department and other departments easily.
- Utmost time management and prioritization skills.
- Ability to participate and facilitate VF Group Meetings & Projects
- Be result oriented.
- Must be willing to learn New Technologies
- Excellent Presentation skills
- Making a Personal Difference
- Must be able to travel in country & internationally
