[Apply Now](#)

Company: DNV

Location: Turkey

Category: other-general

We are seeking a dynamic and qualified candidate to assume a **New Building (NB) Surveyor** position in order to strengthen our team in Turkey, ensuring continued high-value services to our customers.

The position reports to the NB & CMC Team Leader and is based in Yalova, Turkey (outside Istanbul).

Major Duties & Responsibilities include:

Perform electrical and machinery newbuilding surveys according to rules and regulations

Participate in certification and verification of material & products according to rules and specified standards

Manage clients together with other relevant parts of our organization

Complete project-oriented work, including cooperation in interdisciplinary verification projects

Perform project control, reporting and follow-up within due date

Responsible for professional and consistent deliveries throughout the project - plan, coordinate, follow up and improve the operational activities of the project in accordance with the framework in the DNV strategy, budget, the DMS and other applicable instructions

Being part of a world-leading company with a global reach with more than 12,000 employees worldwide.

Exciting and challenging projects.

Knowledge from a great network of experienced engineers and in line with DNV's emphasis on competence development.

An attractive compensation package

Collaboration with great colleagues who value teamwork.

An international working environment.

DNV is an Equal Opportunity Employer and gives consideration for employment to qualified applicants without regard to gender, religion, race, national or ethnic origin, cultural background, social group, disability, sexual orientation, gender identity, marital status, age or political opinion. Diversity is fundamental to our culture and we invite you to be part of this diversity.

Position Qualifications:

Bachelor's degree in Naval Architecture / Marine Engineering from a Technical University

Approximately 5-8 years of experience as a shipbuilding engineer in shipyards or as a surveyor from a class society

Valid qualification as NB and CMC surveyor according to DNV system

Proven track record in NB projects

Knowledge of DNV production tools for Newbuilding

Analytical & problem-solving skills

Strong communication skills

Customer service orientation with a positive and proactive attitude

Team player combined with the ability to work independently

Fluency in Turkish and English language

PC Skills

Availability to traveling, including voyage surveys

Military obligations completed (where applicable)
