About the Role:

For our Planning department in Manisa plant, we are currently looking for a **Operating Planning Specialist** to be responsible for material planning, scheduling and long term planning.

In this role, you will be reporting to the Plant Operating Planning Manager and be a vital point of contact for our growing plant. Becoming a part of this growing company, you will have opportunity to make this growth more efficient.

If you are eager to learn in such an environment, do not hesitate to apply now!

Main Responsibilities:

Ensure customer's weekly requests are timely managed for the following weeks, subdivided by type of a product, raw and packaging, considering available material

Collaborate with various departments to meet short, medium and long-term plans considering number of working days and shifts in line with workforce planning

Implement plant's production daily plan

Oversee materials and elaborate short-term supply plans

Request raw and packaging materials, considering warehouse stock levels

Manage weekly delivery plan in agreement with the supplier of raw and packaging material

Ensure that ordered materials arrive on time with agreed quantities

Who we are looking for:

Bachelor's degree from engineering

Preferably 3+ years of experience in a similar position

Advanced level of Excel and SAP PP

Good communication skills with result orientation followed with proactive approach

Effective communicator with strong interpersonal skills

Fluency both in written and spoken English and Turkish

How to be successful in the role and at Ferrero:

Consumers, quality and care are at the heart of everything we do. So, to be successful at Ferrero, you'll need to be just as consumer and product centric as we are - dedicated to crafting brilliant results for consumers around the world.
