Product Designer

Apply Now

Company: Rapsodo

Location: İzmir

Category: other-general

Rapsodo Inc. is a sports technology and analytics company that uses computer vision and machine learning to help all athletes maximize their performance. Our proprietary technology applications range from helping golfers of all abilities, including PGA professionals, to optimize their launch conditions, to allowing MLB pitchers to increase the efficiency on their breaking balls. Current partners include all 30 MLB teams, MLB, USA Baseball, Golf Digest, PGA of America, and over 1000 NCAA athletic departments.

As Rapsodo continues to grow and expand our business internationally, we are looking for a hands-on, driven, and empathetic **Product Designer** with a passion for collaborating and making a difference to join our team.

Key Responsibilities:

Research before starting the design phase (benchmark, CJM, persona, usability test/survey).

Build low and high-fidelity wireframes, prototyping screens when necessary using Figma or other tools.

Create compelling user flows for both current and new projects.

Testing designs after implementation.

Design new screens for all projects (including mobile, tablet, and desktop) by using Figma.

Design new requirements for projects and creating amendments as testing is conducted.

Handoff designs to developers with Figma or Zeplin.

Collaborate closely with product managers, product owners, and other designers to ideate new products and features.

Work closely with Engineers to implement your designs at a high degree of quality.

Ability to work with both collocated and remote collaborators.

Deliver high-quality work according to project schedules in an agile development environment.

Requirements

Degree in Design or related field.

At least 3 years of experience in the complete lifecycle - successfully delivering, mobile and/or software apps.

Expertise in standard design tools: Figma, Adobe XD, Adobe Photoshop, Adobe Illustrator, and Zeplin.

An understanding of Agile product development practices.

Knowledge of usability principles and techniques.

Create beautiful, clean UI while maintaining brand consistency.

Knowledge of current UX best practices and design processes.

Extreme attention to detail and consistency, passion for pixel perfection.

Highly professional, with the ability to deliver solid work on tight schedules.

Comfortable giving and receiving critical design feedback.

An impressive online portfolio demonstrating experience designing user interfaces and experiences.

Excellent verbal and written skills in English.

Strongly preferred:

Having a foundational understanding of HTML and CSS

Knowledge of UIUX in game design principles.

Experience integrating gamification elements is a plus.

If you think you have what it takes and look forward to working independently as well as contributing to an innovative, passionate and driven environment, please send in your application.
