

Turkey Jobs Expertini®

Product Specialist, Games (New Grad)

[Apply Now](#)

Company: Peak

Location: İstanbul

Category: other-general

Job Description

Peak provides a fast-paced and real hands on creative environment for new grads. If you are a fresh graduate and looking for a place where you create amazing user experiences and create product that reach millions of users to enjoy, come and join us!

As a member of our team, you will work collaboratively with software engineers, artists and cross-functional teams to build, launch, and analyze our products.

Here's what you'll do

Provide the best game experience through creating fun and engaging features built by both analytical and creative thinking

Test ongoing tasks and ensure that everything is on schedule

Analyze and interpret data and make meaningful conclusions to provide insights on game features

Desired skills and experiences

University Degree

An interest in mobile casual games

There's no need to have prior experience. If you are eager to engage in the iterative processes of developing a mobile product, we'd like to hear from you.

What you'll learn in this role

Help to set the strategic direction for the games, develop and execute on the product roadmap

Contribute to the entire game development cycle, from creative concepts to publish

Brainstorm new ideas together with your team to create the best games
