## Project Manager (m/f/d) in Tuzla, Turkey

[Apply Now](#)

Company: Silent Italia

Location: Tuzla

Category: other-general

As SILENT-YACHTS, we introduced a new era of yachting through our solar-powered luxury catamarans. Our mission is to create an independent and environmentally friendly sailing experience that combines the silent cruising of a sailboat with the luxury of a motor yacht. We are advancing this mission day by day with cutting-edge solar technology. We are the pioneer in an increasingly active market. For this reason we are looking for a **Project Manager (m/f/d)** to join our team for an immediate entry (full time).

### **We value your personality and passion:**

For us, personality and passion are the most important parts of the puzzle.

You'll always be supported and looked after by your SILENT-YACHTS family, but you will also have a lot of responsibility for your own work, meaning that working independently isn't something you mind.

As a **Project Manager**, you will be working in Tuzla, Turkey together with our international team coming from different paths of life/backgrounds and countries. We believe in kindness, acceptance, support, and hard work. We also believe in having lots of fun!

### **As a Project Manager your responsibilities are:**

Support and collaboration with Project Managers

Support of different departments

Organization and planning of the work

Inspections on site

Collaboration with sub-contractors and third parties

Control of budget and contract fulfillment

Support during client visits

**As a Project Manager at SILENT-YACHTS you will be offered:**

A very interesting, varied and challenging position in a highly innovative yacht company

The opportunity to work for the industry's leading brand

An appreciative and familiar working atmosphere with minimal bureaucracy, flat hierarchy and short decision-making processes

The perspective to grow in a game changer company

Yearly team event

Fresh coffee & snacks

Competitive salary

An unlimited employment contract

**Requirements:**

You are definitely a match if you...

Have a Bachelor's or ideally a Master's degree in management engineering

Have 5+ years of experience in a shipyard

Verifiable leadership experience and capabilities, with past successful project execution

Have good knowledge of system integration in marine applications

Have passion for boats/yachts in general (boating license is an advantage)

Have basic knowledge of CAD software (Rhino, AutoCAD)

Have the ability to read 2D & 3D production drawings

Are able to work independently and in a structured manner

Have organizational skills, flexibility, and reliability

Have a creative problem solving attitude

Are solution oriented

Have willingness to travel

Have "Hands-on" mentality

Have strong verbal and written communication skills in English and Turkish

Have experience with Microsoft Office (MS Teams experience is welcome)
