[Apply Now](#)

Company: Epam

Location: Turkey

Category: other-general

Description

EPAM is a leading global provider of digital platform engineering and development services. We are committed to having a positive impact on our customers, our employees, and our communities. We embrace a dynamic and inclusive culture. Here you will collaborate with multi-national teams, contribute to a myriad of innovative projects that deliver the most creative and cutting-edge solutions, and have an opportunity to continuously learn and grow. No matter where you are located, you will join a dedicated, creative, and diverse community that will help you discover your fullest potential.

Currently, we are looking for a **SAP Cloud Platform Integration Developer** . We are working on the integration of a big amount of our clients systems, and we need a smart and ready-to-learn person to perform this challenging task. You will be involved in data modification to ensure the top-notch data transfer among all the systems. Your main duties will also include daily communication with the customer and PM to clarify business requirement.

What Youll Do

Perform modeling, implementation, and testing based on SAP programming model and process

Involve in Agile (Scrum) development process within the team

Collaborate with other development teams and product management specialis

Mentor junior engineers on software design, coding practices, and TDD strategies in a holistic

manner

What You Have

2+ years experience working in a software engineering or similar position

Clear understanding of SAP Cloud Platform (Cloud Foundry) and available platform services

Experience with JavaScript/Groovy or any other OOP programming language

Programming experience in SAP Cloud Platform

Strong experience with integration: SAP Integration Development Guidelines, Performance Optimization Guidelines, Transaction Handling Guidelines, Operational Guidelines, Monitoring/Tracing/Alerting

DevOps mindset inherent sense of ownership through deployment lifecycle

Agile / Kanban experience

Good command of English (Intermediate level and higher)

We Offer

Build a global career with international projects and clients

Stay ahead in your career by working with diverse and cutting-edge technologies

Remote & flexible working schedule

Competitive compensation in USD, regular assessments, and salary reviews

Private Health Insurance: Unlimited usage with 80% coverage

Meal Allowance

Extensive Annual Leave Policy including extra workday-annual leaves granted for the first year

Referral program: cash bonus for each successful recommendation

Relocation opportunities within our offices in 50+ countries

Amazing learning and development opportunities: Hard & soft skills internal training courses, mentoring programs, and free access to over 2, in-house courses and over 18, on LinkedIn
