SAP Integration Solution Architect

[Apply Now](#)

Company: Epam

Location: Turkey

Category: other-general

Description

We are looking for a **SAP Integration Solution Architect** to become a part of our tight-knit EPAM team. If you're passionate about technology-driven endeavors and aspire to contribute your expertise to a leading software engineering and IT consulting company, then look no further. At EPAM, we invite you to embark on a journey of professional growth and knowledge enrichment.

SEE YOURSELF IN THIS ROLE

As an SAP Integration Solution Architect at EPAM, you'll be a key player in pivotal SAP implementation projects, where your role as a Solution Architect will involve designing, evaluating, and documenting robust and scalable integration solutions for SAP and non-SAP systems. You will effectively collaborate with customers, advise on technical aspects during pre-sales activities, and promote best practices and continuous improvement throughout the project, all while building strong customer relationships and expanding your expertise in SAP and related systems.

What Youll Do

Play a pivotal role as a Solution Architect in large-scale SAP implementation projects

Craft, assess, and meticulously document robust and scalable integration solutions, bridging the gap between SAP and non-SAP systems. Leverage a spectrum of technologies including SAP Integration Suite, SAP BTP, Kafka, and third-party integration services

Contribute to the establishment and enforcement of architecture, security, and data standards, ensuring rigorous governance and compliance

Engage in pre-sales activities as a technical consultant, sharing your expertise in the integration domain

Cultivate enduring relationships with our valued customers, guiding them through solution presentations, and gathering non-functional requirements (NFRs)

Operate with a focus on non-functional requirements and quality attributes, ensuring the delivery of top-notch solutions

Estimate work efforts concerning integration development and technical architecture components

Provide valuable insights on SAP CIO Guides (On-premises / Cloud / Hybrid), Integration Solution Advisory Methodology (ISA-M), Application Extension Methodology, and RISE with SAP

Enforce best practices and foster a culture of continuous improvement within the project

Seize the opportunity to broaden your knowledge and expertise in SAP systems and related domains

What You Have

Deep understanding of different Integration Styles and Use-Case Patterns, and corresponding solutions from SAP Portfolio (and other vendors)

Experience as an Integration Solution Architect in sizable SAP S/4 HANA implementation projects

Experience in designing system integration solutions within large and heterogeneous enterprise landscapes

Solid foundation in Software Architecture, particularly in connection with system integration (EDA, SOA, messaging, EIP, etc.)

Familiarity with Cloud Computing concepts

Broad knowledge of different integration tools and platforms, along with the ability to design solutions using various technologies

Proficiency in building solutions with SAP Integration Suite (Cloud Integration, Event Mesh, API Management, Open Connectors, etc.)

Competency in one or more programming languages such as ABAP, Java, Groovy, JavaScript (Node.js, TypeScript)

High-level understanding of several SAP products' capabilities, functionality, and technologies

Understanding of SAP Integration Solution Advisory Methodology and agile delivery methodologies

Excellent communication and leadership skills, coupled with a willingness to engage effectively with customers

Nice to have

Ability to identify solution gaps and formulate strategies to close them

Understanding of one or more business domains

Hands-on experience with one of the cloud platforms (AWS/Azure/GCP)

Certifications from SAP or other relevant vendors

Capability to present SAP features and innovations tailored to meet potential customer needs

We Offer

Build a global career with international projects and clients

Stay ahead in your career by working with diverse and cutting-edge technologies

Remote & flexible working schedule

Competitive compensation in USD, regular assessments, and salary reviews

Private Health Insurance: Unlimited usage with 80% coverage

Meal Allowance

Extensive Annual Leave Policy including extra workday-annual leaves granted for the first year

Referral program: cash bonus for each successful recommendation

Relocation opportunities within our offices in 50+ countries

Amazing learning and development opportunities: Hard & soft skills internal training courses, mentoring programs, and free access to over 2, in-house courses and over 18, on LinkedIn learning
