

Turkey Jobs Expertini®

Senior 3D Artist

[Apply Now](#)

Company: Peak

Location: İstanbul

Category: other-general

Job Description

Are you an experienced 3D Artist willing to take part in mobile game production? Join us to share the same passion - creating the most enjoyable and fun games with a global reach.

We aim to craft a pleasing gaming experience with a multidisciplinary team behind the scenes. Illustrated concepts and ideas will come alive with 3D elements that you produce while working side by side with Product Specialists and Engineers - striving to achieve the desired outcome. Together, we always endeavor to learn from new challenges and take initiative in pursuing quality and creativity. If you feel like this is a fit for you, let us know!

Check out this link to see incredible designs our 3D Artists have created for our world!

Here's what you'll do

Take 2D object and environment concepts into 3D game assets in an organic cartoon style

Deliver high- and low-poly 3D models for mobile platforms

Produce basic object and particle animations that demonstrate an understanding of weight, balance, and form using Unity

Work on realistic lighting and rendering

Engage in technical and aesthetic problem-solving efforts

Desired skills and experiences

Experience preferred in creating 3D assets and visual effects

A keen eye for color, light, shade, and form

Attention to detail in creating texture maps and different material types

Proficiency in Photoshop, Maya, and/or other 3D graphics and animation tools

Experience in creating realistic lighting and rendering

A portfolio that highlights your ability to work with different styles and techniques

An understanding of Peak's art style and the willingness to take it to the new heights
