Category: other-general

At E-Commerce Company (Permanent), in Portugal

Salary: €40.000 - €65.000

Expires at: 2025-03-28

Remote policy: Full remote

We are a leading e-commerce platform based in Germany, dedicated to providing innovative solutions and a seamless shopping experience for our customers. With a strong commitment to user experience and cutting-edge technology, we are seeking a talented Senior Frontend Developer to lead the development of our frontend applications and drive the evolution of our e-commerce platform.

Responsibilities:

Lead the design and development of responsive and intuitive user interfaces for our e-commerce platform using modern frontend technologies and frameworks such as React, Angular, or Vue.js.

Collaborate with product managers, designers, and backend developers to define technical requirements, user stories, and architectural designs for new features and enhancements.

Architect and implement reusable components, libraries, and design patterns to promote code reusability, scalability, and maintainability across our frontend applications.

Optimize frontend performance and user experience through techniques such as code splitting, lazy loading, caching, and responsive design principles.

Conduct code reviews, unit tests, and debugging to ensure software quality, reliability, and accessibility standards compliance.

Mentor and coach junior developers, providing guidance, feedback, and technical expertise to help them grow and succeed in their roles.

Stay current with emerging frontend technologies, best practices, and industry trends to drive continuous improvement and innovation in frontend development.

Main requirements

At least 5 years of experience in frontend development;

Adaptability to new technologies and frameworks, with a tech-agnostic mindset;

Proficiency in frontend technologies such as HTML, CSS, JavaScript, React, Angular, Vue.js, etc.;

Knowledge with frontend testing frameworks and methodologies;

Proven track record of delivering complex frontend projects;

Agile methodologies;

Strong communication and teamwork abilities.

Benefits & Perks

Highly competitive salary and comprehensive benefits package.

Flexible working hours

Collaborative and inclusive work environment that values creativity and innovation.

Opportunities for professional growth and career advancement within a rapidly expanding organization.

Work-life balance and a supportive culture that values your personal well-being.

Regular team events, social activities, and celebrations.
