### Description

We are looking for a seasoned Key Developer with **SAP MDM / MDG knowledge** to join our dynamic team. This endeavor requires the collaboration of technical architects and business stakeholders, aiming to craft innovative solutions for data modeling, data cleansing, and data quality management. We seek an individual who possesses the expertise and drive to make a significant impact.

### SEE YOURSELF IN THIS ROLE

As a Senior/Lead SAP MDG Developer, you will play a pivotal role in our project's success. We envision the ideal candidate as someone with extensive experience in SAP MDM/MDG. In this fully remote role, you will find yourself immersed in a collaborative environment, working together with a diverse team of professionals. If you are seeking a challenging opportunity to make a tangible impact on a customer's SAP MDM/MDG project, we encourage you to apply.

### What Youll Do

Design, develop and implement SAP MDM/MDG solutions tailored to the customer project's unique requirements

Engage in close collaboration with technical architects and business stakeholders to meticulously define project specifications

Take an active role in code review sessions, providing valuable guidance and mentorship to junior developers when necessary

Employ your expertise in data modeling, data quality management, and data governance tools to ensure the project's success

Maintain a vigilant eye on project progress, diligently tracking and reporting status updates to both stakeholders and management

### **What You Have**

Experience with ABAP in S4/Hana, showcasing your technical proficiency

Strong grasp of SAP Master Data Governance (MDG) solution, with a track record of successful implementations

Experience with SAP MDM and SAP MDG configuration, demonstrating your practical knowledge

Expertise in designing and developing SAP MDG solutions, particularly in the realm of vendor management

Communication skills and a knack for creative problem-solving

Proficiency in the English language, at a B1 level or above

### **Nice to have**

Exposure to agile project delivery methodologies

### **We Offer**

Build a global career with international projects and clients

Stay ahead in your career by working with diverse and cutting-edge technologies

Remote & flexible working schedule

Competitive compensation in USD, regular assessments, and salary reviews

Private Health Insurance: Unlimited usage with 80% coverage

Meal Allowance

Extensive Annual Leave Policy including extra workday-annual leaves granted for the first year

Referral program: cash bonus for each successful recommendation

Relocation opportunities within our offices in 50+ countries

Amazing learning and development opportunities: Hard & soft skills internal training courses, mentoring programs, and free access to over 2, in-house courses and over 18, on LinkedIn learning
