

Turkey Jobs Expertini®

Senior Software Engineer (Node/Vue/TypeScript)

[Apply Now](#)

Company: Reedsy

Location: Bursa

Category: other-general

At Reedsy (Permanent / Contractor), in London, United Kingdom

Salary: €60.000 - €100.000

Expires at: 2024-06-04

Remote policy: Full remote

You will join and work on our book editing tool. Here's what you'll do:

Work closely with our designers and engineers to design, build, and ship new features from scratch

Extend the growing feature set of our cutting-edge, collaborative word processor

Deliver real value to our users by crafting beautiful book templates for their e-readers and for print

Architect and develop highly scalable web applications

Evaluate and improve the performance, durability, and security of applications in production

Take ownership for your tasks and see features through from start to finish

Help teammates improve when reviewing their work and appreciate feedback when they reciprocate

Main requirements

Professional experience with NodeJS, VueJS, TypeScript and NoSQL (Redis, MongoDB) databases

A good understanding of modern HTML and CSS

Strong test-driven approach to development

Perfectly fluent in English

Enjoy working remotely

Nice to have

Professional experience with building and deploying Single Page Apps

Knowledge of ShareDB and LaTeX

Experience with CSS pre-processors, such as SASS or LESS

Experience with build-chain and deployment automation tools, such as Webpack and Github Actions

A good dose of ambition, a willingness to learn, and a great sense of humor

Benefits & Perks

Work from home

Flexible schedule

Parental leave

Annual retreat
