

Supply Chain Finance Manager

[Apply Now](#)

Company: Gorillas

Location: İstanbul

Category: other-general

We're Getir, the pioneers of super fast delivery. Our founding idea: Groceries in 10 minutes, delivered to your door through our app. Now offering more delivery models across different locations, our goals are made possible by our one-of-a-kind business model with our unique technology at its core.

Supply Chain Finance Manager will be responsible for 4 major areas;

1- Inventory Management

Develop and implement strategies on inventory management while being the leading business partner for Supply Chain, Finance and Operation departments.

Improve inventory control mechanisms to determine the possible obstacles proactively and create a flawless work-flow.

Regularly control inventory movements during the month/at the end of the month and have a clear view of the inventory changes.

Take necessary actions and provide support on SAP S/4HANA implementations and improvements.

2- Cost Management

Analyze and manage the cogs, identify opportunities on cost savings and profitability.

Leading the Supply Chain Finance executives/analysts on price difference, activity cost, supplier premium etc. calculations, next in line, controlling the calculations and invoicing process for the related actions.

Constantly controlling the total cogs and unit costs, create variance analysis, understand and examine the changes.

Tracking the waste flow in terms of both financial and operational aspects.

Managing/delivering the forecasts in time and provide necessary analysis to the stakeholders.

Provide month-end reports related with supply chain finance to the reporting department.

Controlling the supplier reconciliation process.

3- Technical Support on integration, SAP guidance

SCF Manager will be the key user for SAP S/4HANA.

Provide support and qualified data for the technical teams. Determine the integration obstacles, foresee the possible red flags before it occurs.

Actively take responsibilities and being in a collaboration with product leaders in order to enhance the structure of the SCF data and improve the data flow between erp systems.

4- Reporting and analysis

SCF department is one of the most dynamic departments therefore always qualified and well-developed analysis templates will be needed.

In the level of detail as product, location, function, segment and entity, SCF manager should clearly identify the KPIs, saving rooms, opportunities and provide necessary reports.

Provide critical support in the decision-making process.

Feel comfortable about ad-hoc analysis requests.

What You'll Bring?

This role has a very dynamic working tempo and candidate managers should be very comfortable with handling changes, new tasks and running the extra mile. Can Do mindset is essential for this position.

Having a bachelor's degree from a reputable university.

Ideally having minimum 6 years of hands on Cost Controlling experience.

Preferably having audit experience.

FMCG experience is a very big advantage.

Previously having S/4HANA experience is a critical asset.

Team management experience will be an asset, role is leading a team of 4.

Attentive in details, analytical, strong communicator, and comfortable with ambiguity and putting complex pieces together.

This role has a wide range of stakeholder network, therefore clear and successful stakeholder management is a very critical personal qualification.

Able to work 5 days in Getir Head Office at European side of Istanbul

Fluency in both written and spoken English
