

Supply Chain PTM

Apply Now

Company: Valeo

Location: Esenyurt

Category: other-general

Valeo is a tech global company, designing breakthrough solutions to reinvent the mobility. We are an automotive supplier partner to automakers and new mobility actors worldwide. Our vision? Invent a greener and more secured mobility, thanks to solutions focusing on intuitive driving and reducing CO2 emissions. We are leader on our businesses, and recognized as one of the largest global innovative companies.

Job Description

How do you tackle the challenges of the vehicle of the future? Join Valeo and revolutionize the comfort and well-being of all passengers!

Valeo Thermal Commercial Vehicles is looking for **Supply Chain PTM** to be based in **Istanbul / Esenyurt Plant**.

Your challenges?

You are responsible for analysis of the whole supply chain from suppliers, through internal flow, to customers.

You manage supply chain activities to support P1/P0 new products and contact suppliers and customers to set up new flows of components & control existing ones.

You follow & reach project milestones (pre-serial deliveries, FDPR, ramp-up)

You define, validate and qualify Supply Chain master data & Information System.

You define Supply Chain concepts & make quotations and detailed Supply Chain solutions.

You support supply chain activities to implement and promote the standards (Suppliers Logistics Guidelines, Packaging & Labeling standards, VRO standards, Quality Labeling Good Practices recommendations, Transportation & Logistics Providers Protocols, EDI/Web EDI)

You continuously improve and optimize the packing material designs and logistics transport routings.

You anticipate problems in the whole supply chain & take appropriate corrective action.

You track inventory level, Customer Service Rate & proposing corrective actions to achieve required level.

You improve existing Supply Chain standards using Kaizen methodology.

You monitor the Supply Chain KPIs related to the project (CSR, stocks, transport costs) including the risk of obsolescence due to changes during the new project introduction phase.

You support Sales Administration and Production Planning and make sure all planning is aligned.

You support all activities with the purchasing department in terms of pre-series materials and serial material revisions.

Let's talk about you...

You are a graduate of Bachelor degree in Industrial Engineering/Mechanical Engineering or similar field of engineering with a minimum of 4-5 years experience in this area.

Our environment is strongly international oriented, so you have a good level of English.

You are a strong team player.

You are able to work on a highly changing environment and keep your motivation at high levels.

In addition...

Experience in SAP knowledge is a plus.
