

# Turkey Jobs Expertini®

## Swift/iOS Developer

Apply Now

Company: Avonya Inc

Location: Turkey

Category: other-general

Avonya is transforming the way people teach and learn movement online - powered by AI. We're passionate about creating cutting-edge solutions that empower users to learn dance right from the palm of their hand. We value creativity, collaboration, and a forward-thinking approach to technology. Check out our website at [avonya.co](http://avonya.co).

### THE ROLE

Are you a tech-savvy software engineer with a passion for iOS development? Do you have a knack for creating sleek and user-friendly mobile apps? If so, we want you to join our team!

As an iOS Developer at Avonya, you'll have the opportunity to work on exciting projects that explore cutting-edge technology. You'll collaborate with a diverse team of talented developers, designers, and product managers to bring innovative ideas to life. As the Front End Developer, you will be responsible for supporting and innovating on the products and services that support Avonya's growth. Your enthusiasm to improve your customers' experience is contagious and is at the core of everything you do. You are also naturally curious and constantly learning to keep your skills up to date in a constantly changing professional environment.

### KEY RESPONSIBILITIES

- Maintain and enhance our mobile app, web admin panel, and connected services to deliver a best-in-class and efficient user experience

- Lead integrations with a variety of mobile hardware devices

Own and improve developer documentation for SDK libraries and any other integrations

Collaborate with our founders to clearly define a project plan for implementing new features

Code and execute features in a timely fashion and provide project updates on a regular basis

Ensure quality to make sure the upgrades are bug-free and ready for release

## **QUALIFICATIONS**

3+ years of experience architecting scalable mobile solutions

3+ years of mobile development experience with SWIFT

3+ years of Front End development experience (Swift and Front end web, i.e. React Native)

2+ years of experience in developing APIs, web services, and proven track record of working on custom video player applications

Strong background in computer science, with strong competencies in object-oriented design, data structures, and algorithms.

AI/ML experience preferred

**Salary: 45,000.00 - 55,000.00 per month**
