Job Description

We are looking for an experienced Technical Supervisor to join our creative team. In this role, you will be responsible for overseeing quality control and standards to ensure the production of high-quality products. This includes managing the creation of a unique pipeline that supports the animation, marketing, and game art teams.

At Dream Games, all team members have a genuine chance to contribute to the final product and have an impact on the company. If you want to be a team member of a fast-growing company, you might be the person we are looking for.

Responsibilities

Maintaining outsourcing quality and ensuring adherence to the company's style

Overseeing quality control of key art assets, performance, and brand marketing materials

Experimenting with and researching methods to bridge film and game pipelines

Providing technical guidance and support as necessary

Requirements

Having over 7 years of experience in a lead technical role within animation or game development, preferably as a pipeline TD, and coming from an artistic background

Possessing a strong understanding of animation or game development pipelines, along with familiarity with industry-standard software and tools

Demonstrating technical expertise and quality control in animation or game projects through a portfolio and/or resume

Appreciation and understanding of teamwork

Protecting your privacy and the security of your data is a top priority for Dream Games. We collect and process your personal data as confidential as part of the recruitment process.

Please read our and to know more details.
