TR-MSL (Ankara)

Apply Now

Company: Daiichi Sankyo Europe

Location: Istanbul

Category: other-general

## Passion for Innovation. Compassion for Patients.

With over 120 years of experience and more than 17,000 employees in over 20 countries, Daiichi Sankyo is dedicated to discovering, developing, and delivering new standards of care that enrich the quality of life around the world.

In Europe, we focus on two areas: The goal of our Specialty Business is to protect people from cardiovascular disease, the leading cause of death in Europe, and help patients who suffer from it to enjoy every precious moment of life. In Oncology, we strive to become a global pharma innovator with competitive advantage, creating novel therapies for people with cancer.

Our European headquarters are in Munich, Germany, and we have affiliates in 13 European countries and Canada.

We are looking for a **MSL (Medical Science Liaison)** to become a member of Daiichi Sankyo Team in Ankara, Turkey.

## Key Responsibilities

- Lead the regional medical activities - visiting key clients and professionals
- Develop long-term professional relationships, build advocacy with and gain contributions from the Health Care Professionals and decision makers.
- Implement and/or support scientific projects according to the brand strategies
- Participate and contribute to cross-functional teams via providing insights from the key external stakeholders and ensure understanding of medical affairs activities
- Provide medical support and training to the colleagues as appropriately requested

## Qualifications

- Graduate of Medical School
- Basic knowledge of the pharmaceutical industry, drug discovery, research & development, commercialization,
- Fluent English in reading, writing and oral communication
- Strong scientific communication and presentation skill
- Demonstrated analytical skills and a solid understanding of research methodology, project management
- Ability to learn and convey medical/scientific information to healthcare professionals and decision-makers and non-medical groups.
- Effectively contribute to work on multifunctional teams
