

Turkey Certification Lead Auditor(Sustainability Schemes)

[Apply Now](#)

Company: RINA

Location: İstanbul

Category: other-general

RINA is currently recruiting for a **Turkey Certification Lead Auditor(Sustainability Schemes)** to join its office in **İstanbul** within the Certification EMEA Region Division.

Mission

The role focuses on planning, conducting, and managing audits within our certification business related to the different certification schemes.

Key Accountabilities

Prepare, manage, and control the audit program, ensuring alignment with organizational goals and industry standards.

Check customer management system documents, including manuals, procedures, instructions, files, and records, to verify compliance and accuracy.

Plan audits and coordination with relevant stakeholders.

Participate in and lead audits, conducting interviews, note-taking, and assessing the implementation of management systems.

Identify and define audit results (Positive and negative findings as non conformities, opportunity of improvement);

Draw up comprehensive audit reports detailing findings and recommendations for certification decisions.

Manage the follow-up process, including tracking non-conformities and corrective actions,

ensuring resolution and compliance.

Conduct technical reviews of audit files and propose certification decisions based on thorough analysis.

Keep skills, qualifications, and certifications up to date by staying informed about industry standards and best practices.

Monitor the performance of resources involved in the certification process, providing guidance and support as needed.

Qualifications

Minimum of a Bachelor's Degree in Engineering, Environmental Engineering Degree
Preferred

At least two years of experience supporting GHG inventories, and/or GHG verification/auditing GHG projects, Verified Carbon Standard (VCS), Gold Standard (GS)

Lead Auditor Qualification of ISO 9001, 14001, 45001, 50001 is an important advantage

Knowledge about ISO 19011

Knowledge about LCA (Life Cycle Assessment) and GRI (Global Reporting Initiative) is an advantage

Excellent communication and time management skills

Problem solver and decision maker

Strong analytical and reporting writing skills

Critical Thinking, attention to details

Available to travel extensively

#LI-MP5

With over 5,600 employees and 200 offices in 70 countries worldwide, RINA is a multinational player which provides certification, marine classification, product testing, site

supervision and vendor inspection, training and engineering consultancy services across a wide range of sectors. Our business model covers the full process of project development, from concept to completion. The aim is to guarantee a project's technical, environmental and safety - and sometimes also economic and financial - sustainability.

At RINA, we endeavor to create a work environment where every single person is valued and encouraged to develop new ideas. We provide equal employment opportunities and are committed to creating a workplace where everyone feels respected and safe from discrimination or harassment of any kind. We are also compliant to the Italian Law n. 68/99.
