Title:

UABOS Turkey: Environmental/Technical Order/Safety Technician

Program Summary

KBR is at the forefront of sustaining the operational readiness of U.S. armed forces at Morón Air Base in Spain, as well as Incirlik Air Base, Izmir Air Station, Office of Defense Cooperation – Turkey, and the Ankara Support Facility in Turkey. Our role is integral, ensuring these bases and facilities operate seamlessly, allowing deployed Air Force and government personnel to focus on their missions without disruptions.

This program, awarded by the Air Force Installation Contracting Center, underscores KBR's position as a major provider of base operations services for the U.S. military. With a proven legacy of supporting troops globally, we leverage our deep domain expertise to ensure mission success.

Job Summary

Discover the possibilities with KBR, where innovation meets opportunity. We're seeking a talented Environmental Technical Order Safety Technician to join us at Incirlik Air Base in Adana, Turkey and become part of our dynamic team. At KBR, you'll be responsible for managing the Vehicle Management environmental and safety programs, providing oversight for the Technical Order (TO) library to ensure all applicable documents are current, and maintaining compliance with Air Force and Host Nation hazardous material and waste management procedures. With a commitment to fostering a safe and environmentally conscious workplace, as well as providing opportunities for professional growth and

development, we empower our employees to excel and succeed. Apply today and unlock your potential with KBR!

Roles and Responsibilities

Manage transportation environmental issues effectively within the scope of the role.

Maintain familiarity with Air Force and Host Nation hazardous material and waste management procedures, including their application and disposal.

Oversee and organize the Task Orders (TOs) and publications library.

Implement and uphold Industrial Shop Safety Programs, adhering to Occupational Safety and Health Standards.

Ensure adherence to all DOD, USAF, USAFE, and Host Nation instructions regarding hazardous material (HM)/hazardous waste (HW)/clinical waste (CW) management and Hazard Communication, prioritizing environmental protection, safety, occupational health, security, and appropriate movement and disposal.

Apply appropriate Hazard Communication compliant to DOD and European regulations during processes involving HM/HW/CW to safeguard environmental protection, physical safety, occupational health, and proper movement and disposal.

Exercise responsibility in applying proper HAZCOM at all times to prevent risks, mitigate hazards, and respond effectively to mishaps.

Foster a safe and healthy workplace and environment for both contractor personnel and those affected by contractor operations.

Identify and address health hazards to prevent occupational injuries and illnesses, prioritizing the well-being of personnel.

Adhere to Host Nation and Air Force instructions and technical orders while conducting operations and managing occupational and environmental health programs.
