Category: other-general

### About Twine

We're a thriving ecosystem of top-tier freelancers from around the world. Trusted by Fortune 500 companies and Silicon Valley startups, Twine is the go-to platform for mission-critical projects. Twine's experts get to participate in generating quality datasets at an unprecedented scale. With over half a million registered freelancers and a growing roster of 35,000+ companies, we've become the comprehensive solution for freelancing.

### Our Mission

At Twine, we recognise that companies require a flexible approach to hiring expert freelancers for their most critical projects. Traditional freelance platforms often fall short when it comes to scalability and diversity. That's where we shine. Twine operates as a thriving global freelance network, with diverse experts across various fields, including marketing, engineering, and AI. Our core mission is to empower creators, whether they're businesses or individual freelancers, to thrive in their creative endeavours.

### About the Role

Twine AI, a company focused on providing artificial intelligence solutions, is seeking individuals to participate in a video recording project. The task involves recording yourself answering 10 questions in your native language. This is a short-term opportunity with the potential to earn \$60 for approximately 30 minutes of work.

### Responsibilities:

Record yourself answering 10 provided questions in your native language.

Ensure the recording is in 4K resolution at 60 frames per second (FPS) using a mobile phone.

Follow the provided instructions carefully to ensure the recording meets the required specifications.

Submit the completed video recording within the specified timeframe.

## Requirements

Access to a mobile phone capable of recording videos in 4K resolution at 60 FPS.

Willingness to be filmed and recorded on video.

Ability to follow instructions carefully and adhere to the project's guidelines.

Availability to complete the task within the specified timeframe.
